

LED UPGRADE

JENKINS COUNTY H.S. FOOTBALL

MELLIN, GA

OVERVIEW

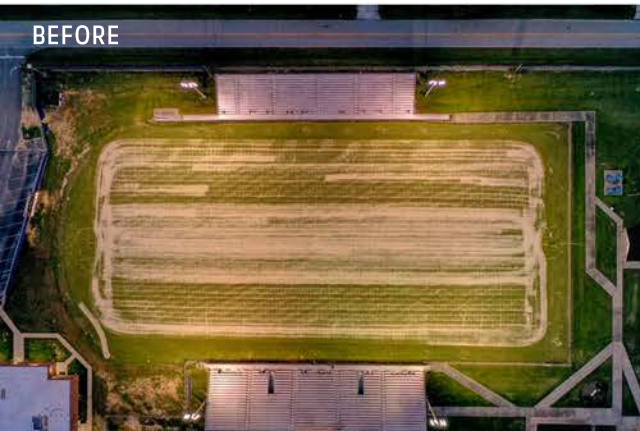

Jenkins High School brought in WLS Sports Lighting to upgrade the High School Football Field to LED lighting. WLS was able to create a sports lighting package that reduces lighting operating costs by up to 90%. WLS was tasked with removing and replacing the outdated HID system and completed a full 1-1 retro-fit of the system bringing the field up to high school football lighting standards. Jenkins County decided LED was the correct solution thanks to the WLS maintenance free sports lighting system paired with a comprehensive 10 year warranty, this package will provide many years of peace of mind for the Jenkins county facilities staff in knowing that the investment made is backed by a company like WLS.
