

LED UPGRADE

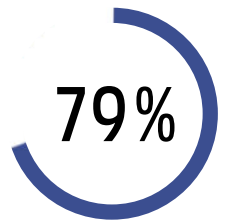

NOR'WOOD SHOPPING CENTER

COLORADO SPRINGS, CO

Located in Colorado Springs, CO, Nor'Wood Shopping Center is anchored by Safeway grocery.

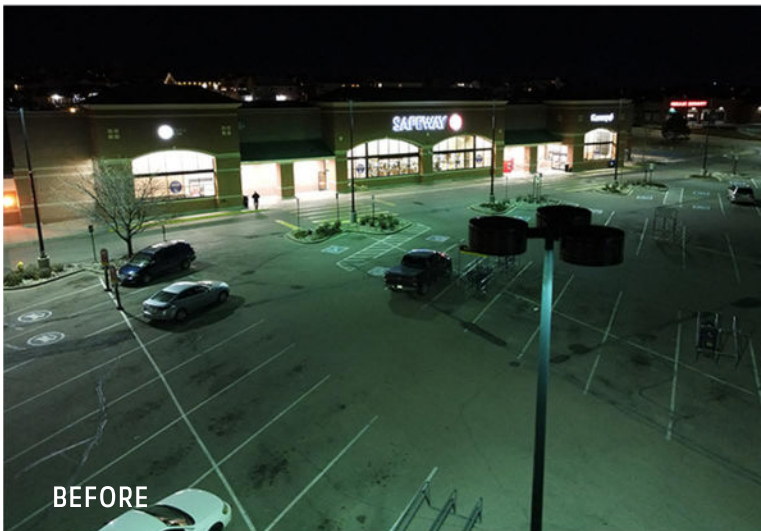

In 2022, Nor'Wood Shopping Center was due for an upgrade to LED lighting in order to meet PECO new sustainability standards. WLS Lighting stepped in to help the client achieve their goals. WLS created a value engineered lighting site plan and proposal for all new LED site, and wall pack lighting. The new site lighting fixtures utilized the existing site lighting parking lot poles.

In addition to all new LED lighting, Nor'Wood Shopping Center is now outfitted with our exclusive site lighting controls, netLiNK Controls. The netLiNK Controls System provides customers with complete insight and control of their site lighting and significantly reduces maintenance and utility costs by way of dimming the LED lighting fixtures. Users have visibility into their entire portfolio of lighting systems from any smart device at any time.
