

LED UPGRADE

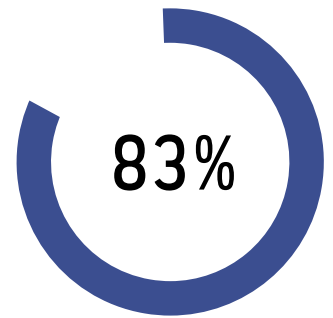

PALMS AT TOWN & COUNTRY

KENDALL, FL

OVERVIEW

The Palms at Town & Country is an 80-acre, open-air shopping center located in the community of Kendall in Miami-Dade County. The center is owned by Weingarten Realty, one of the nation's premier real estate investment trusts.

In keeping with its corporate-wide GreenForward initiative – through which it embraces environmental responsibility as both an obligation and an opportunity – Weingarten Realty was eager to reduce energy consumption at The Palms at Town & Country. Switching to LED lighting for the parking lot was an obvious choice, and WLS was officially brought on board.
