

LED UPGRADE

RONA PLAZA: REGENCY

SANTA ANA, CA

OVERVIEW

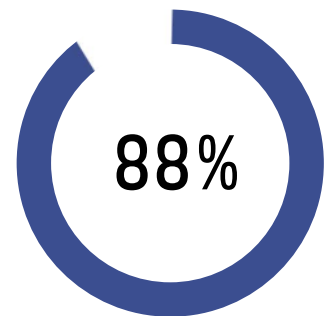

Rona Plaza was upgraded to LED Lighting to increase energy efficiency and create a more inviting environment for shoppers. The previous lighting system consisted of mostly 1,000W HPS fixtures and a few 400W MH floods. The parking lot area lighting was upgraded to 279W LED fixtures. WLS was able to value engineer the current site lighting and completely remove 6 total fixtures from the original lighting plan.

Rona Plaza is centrally located in Santa Ana, California and is about 50,000 Sq. Ft. of retail space operated by Regency Centers..
