

NEW DEVELOPMENT

SPRINGHILL SUITES BY MARRIOTT

CEDAR PARK, TX

OVERVIEW

WLS provided exterior parking lot, landscape, lobby/hallway, bar, guest bedroom/bathroom, all back of house (offices, gym, lobby, kitchen), and color-changing accent lighting. The accent lighting provided is seen throughout the main entrance area within the ceiling cove of the lobby, the front desk, and bar shelves. WLS also provided the Lutron Graphic Eye System for complete lighting control of the color-changing lobby, front desk, bar, and conference room. When designing the guest rooms, we designed a custom Recessed Linear Fixture for the guest bathroom/shower. This modern styled fixture not only gave the hotel a unique look, it also came in less expensive than a typical shower downlight.
